AWARD WINNING DELICATESSEN

the story so far...

The “Hamper” has been serving the very best cheese and artisan products since 1997. When Eileen Halliday set up this award winning delicatessen she pioneered the promotion of farmhouse cheeses and locally sourced food, fruit & vegetables. Today Sally Madden continues to provide the same service and ethos to ensure every customer receives the finest quality and best choice.

The Connemara Hamper carries a wide range of Irish farmhouse cheese, organic wines, home cooked ham, freshly baked bread, smoked salmon, cured meats, locally made delicious cakes/desserts and Illy coffee.

Whether it's coffee or a delicious lunch to go, fine wine or some raw honey, our promise is to be on hand giving you the best advice and service. And if you're unable to call into the shop, you can use our online mail order service.
